Warmest Wishes from ELC Malaysia

As the blessed occasion of Eid al-Fitr approaches, all of us at ELC Malaysia extend our warmest wishes to our valued business partners, clients, and friends. May this joyous season bring peace, happiness, and renewed prosperity to you, your families, and your organizations.

Eid is a time of gratitude, reflection, and togetherness. We are truly thankful for the trust, collaboration, and strong partnerships we have built with you. Your continued support inspires us to grow, innovate, and achieve more together.

May this Eid bring renewed hope, success, and abundant blessings to all. We look forward to continuing our journey of partnership and shared achievements in the year ahead.

Eid Mubarak from ELC.

Strengthening regional ties

Our Managing Director, Datuk Lau Wai Cheng recently attended the FELCA (Federation of Education and Language Consultant Associations) Asia Annual General Meeting in Taipei representing NAPEI (National Association of Private Education Institutions, Malaysia) as an invited guest. The gathering brought together key education associations in a confluence event with IECA (Independent Educational Consultants Association of Taiwan), JAOS (Japan Association of Overseas Studies), and TIECA (Thailand International Education Consultant Association), creating a valuable platform for discussions on strategic directions for 2026. We look forward to the progressive initiatives that will emerge from these discussions as the global international studies landscape continues to evolve in the coming year.

Winter Camp in Malaysia

We just concluded our Junior Winter Camp at the Kuala Lumpur campus where students had a wonderful opportunity to learn English in Kuala Lumpur and enhance their skills while exploring the sunny city center. Our program offered the perfect balance of engaging classroom learning and exciting visits to local attractions, creating a fun and immersive experience that combined education with exploration.

Our Students Activities

Visit to the National Museum

Students gained a deeper appreciation of Malaysia's rich heritage during a visit to the National Museum. The museum's exhibits trace the nation's journey from ancient Malaya to the present day, featuring fascinating artifacts and stories from different eras. Through these displays, students were able to learn about the diverse cultures, traditions, and historical influences that have shaped Malaysia's unique and blended identity.

Ramadan Bazaar

ELC students recently experienced a typical Malaysian Ramadan tradition during a visit to a Ramadan food bazaar in Kuala Lumpur. The lively rows of stalls, filled with the aromas of freshly prepared dishes and colourful local treats, under the late afternoon heat. With countless options for breaking fast from savoury favourites to sweet delicacies, the variety was both exciting and overwhelming. The visit gave students a wonderful opportunity to sample some of Malaysia's beloved Ramadan foods while immersing themselves in the festive spirit and cultural richness of the season.

Student Iftar Dinner

Our students enjoyed their very own Iftar (breaking fast) experience, sharing a meal of delicious local dishes in a warm and festive atmosphere. It was a wonderful opportunity to come together, and celebrate Ramadan.

ELC Team Iftar Outing

Finally, we took the time out to celebrate Iftar with staff at a buffet at M World Hotel Petaling Jaya. A happy occasion to share a meal, enjoy good company and embrace the spirit of Ramadan together.

Wishing all our Muslim partners a blessed Eid al Fitr
